CREATE A SIMPLE PERSONAL WEBPAGE

- This personal webpage is created using basic html and css.

- I have used many tags like <img> tag to insert image and

  <a> tag to create links.

I gained insights of these languages and this will help me

  to upgrade my skills in Web Development field

CREATE A SIMPLE CALCULATOR

- This calculator is made using HTML, CSS and Javascript.

- In this I have used Javascript basics to create Functions.

- This calculator can perform addition, subtraction, multiplication

and division of simple numbers.

THANKYOU
